### EXPERIENCE :

**Digitalpole -**  
Marrakech / Paris  
**01.2024 - Present**

#### Full Stack Developer

- Contributed to key projects for French clients by integrating customized features tailored to their specific needs.
- Identified and resolved complex technical issues, ensuring optimal performance across multiple platforms.
- Worked with technologies such as WordPress, Angular, React.js, Laravel, PHP, Docker, and Linux.
- Adapted to project requirements using additional technologies like Ember.js and React Native, ensuring flexibility and responsiveness.
- Collaborated with cross-functional teams using Jira for project management and Bitbucket for version control.

**IMAYWEB -**  
Marrakech  
**11.2023 - 12.2023**

#### Full Stack Developer

- Used React.js to build modern user interfaces.
- Fully developed the backend using Laravel and PHP.
- Integrated databases for efficient data management.

**Hello World Digital Agency -**  
Marrakech  
**09.2023 - 11.2023**

#### Full Stack Developer

- Applied PHP with a focus on object-oriented programming (OOP) principles.
- Utilized the Laravel framework for server-side development.
- Integrated WordPress for flexible CMS solutions.
